Nothing says Autumn like a game of good old-fashioned cornhole. Some might say the start of football signals the change in seasons; but for me, America's Game is played with bean bags. Most likely because I can actually play cornhole and not football, but I digress.

For those of you who missed the action, the Sleepy Hollow Social Club held our inaugural Cornhole Tournament. Sixteen teams laid their reputations and dignity on the line and helped raise \$1,600 for the new Playground, part of the Community Center Phase 2 remodel!

A huge thanks to all that participated and those of us who just watched these amazing athletes. Congratulations to team Big Bags - John Richard and James Watson who won the Sleepy Hollow Corn Hole Tournament. The Fantasy Cornhole bracket challenge was won by Dave Landa!

A big thank you to Chris Higgins, the mastermind behind this awesome event, for everything you did to make this a success!!

The Social Club is always looking for new ideas for events that bring our neighbors together. If you want to get involved or have an idea for an event or activity that would be fun for the community, please email Aya Andrews at shhaevents@gmail.com.

We officially kicked off our fundraising for the next phase of the remodel.

While bringing in \$1,600 from a cornhole tournament is amazing, we will need the residents of Sleepy Hollow to donate in order to hit our goal of \$600K.

Phase 2 is crucial to finish this project and realize the full benefit of our new Community Center. The core part of this project is remodeling the bathrooms/locker rooms. They are in desperate need of repair. The other crucial

Dave Baker, Chris Higgins, Pete Mayer, Justin Welch

projects are the CERT Storage and playground. We hope to have the outdoor fire-place built if we can meet our fundraising goal. Go to www.shha.org/donatenow to learn more and support this project.

News & Notes from Supervisor Katie Rice

Fire and Flood

Many thanks to all Sleepy Hollow neighbors who participated in last weekend's emergency preparedness and creek and waterway clean up. To families new to Sleepy Hollow, it may seem odd that that the community would be engaging in wildfire and emergency preparedness activities on the same weekend as a creek and waterway clean-up. But fall in Marin poses a dual threat: Fire and Flood.

Wildfire has dominated our focus nearly every year since the north bay fires of 2017. But Marin, and the Ross Valley in particular, is prone to flooding. Both localized flooding as Sleepy Hollow residents experienced in 2012, and major floods like the one that occurred in 2005 when hundreds of homes and businesses up and down the Ross Valley were inundated, causing over \$90 million in damage.

From now until the first rains, (which can come as early as mid-October or as late as December) we face our highest fire-risk. And while the first big storm may mark the end of fire season, that same storm could be the one that causes the most problems vis a vis localized flooding here in Sleepy Hollow.

Localized flooding is often caused by dead and downed branches, leaves, overgrown vegetation built up along creeks and streams, accumulated in natural or manmade drainage areas over the course of the year. Even a blocked storm drain on the street can cause problems. Hence the attention on creek and waterway clean-up now, at the same time we remain vigilant about wildfire prevention and readiness. For a listing of creek and waterway resources, visit <https://www.shha.org/Creek-Committee>.

Boosters and Buses!

Marin County continues to lead the nation in vaccination rates, low infection incidence, control of community spread, and health of our health care system. Thank you, residents of Marin, for putting your health and our community's health at the top of the priority list. Our diligence has and will continue to pay off. Kids are back in school, business doors are staying open, and we've been able to resume a more normal level of in-person social interaction. So important for everyone's overall health and well-being.

The next phase of our Covid journey will be to ensure those who are most vulnerable have the protection they need through booster shots and expanding general vaccination to all school-age children. The Center for Disease Control (CDC) and our county public health officials are currently recommending a Pfizer booster shot for the following groups of people who received the Pfizer COVID-19 vaccine series at least 6 months ago: residents of long-term care facility, residents age 65 & older, residents age 50 to 64 with underlying medical conditions. In addition, the CDC has authorized a booster shot for those 18-49 with underlying medical conditions or who are at increased risk for COVID-19 exposure and transmission because of occupational settings.

Moderna and Johnson and Johnson (Janssen) booster doses are being evaluated and expected to be approved for boosters later this year.

Pharmacies will be a primary access point for booster shots in Marin County. Chain pharmacies such as CVS, Lucky, Pharmaca, RiteAid, Safeway and Walgreens are offering the shots either through appointment or drop-in depending on the provider. In addition, individual clinics and medical offices will be offering boosters to eligible patients. For information on where you can access a booster shot, visit [GetVaccinatedMarin.org](https://www.getvaccinatedmarin.org).

Expect information on first round vaccinations for children ages 5-12 later in October. If you are not already signed up for regular updates on Vaccination roll-out, please do so now at <https://coronavirus.marinhhs.org/subscribe>.

About buses and getting to and from school. First off, many thanks to all the students and families using their own leg power to make the school "commute." As most I'm sure have noticed, yellow school bus service is up and running again. White Hill, Hidden Valley (coming from the Memorial Park area) and Ross Valley Charter students are served by the Ross Valley Yellow School bus program (<https://rossvalleyschoolbus.com/>) operated by Marin Transit. Fares are partially subsidized (15%) through Measure AA and contributions from the county, and towns of San Anselmo and Fairfax. Individual families pick up the balance of cost.

The yellow bus program is aimed at addressing traffic congestion and increasing green commutes.

Nearly half of all White Hill students take the bus to and/or from school. As many Sleepy Hollow families know, the Butterfield routes are in high demand with waiting lists for seats on after-school routes. San Domenico school runs its own service and roughly half of their non-resident students are also back on the bus. Thank you to the families participating in the Yellow Bus programs. We will continue to work with the schools, Marin Transit, and towns on scheduling towards getting everyone on the bus/ route they need.

The yellow bus program continues to follow the guidelines set down by the state and public health officer. To date, no covid outbreaks traced to yellow bus service.

Golden Gate Ferry Adds Two New Commute Trips from Larkspur to SF

For those of you commuting to the city, Golden Gate Ferry has added two new weekday morning commute trips from Larkspur to San Francisco. The new trips are offered in response to increased ridership over the summer months and are designed to offer more flexibility for customers returning to work, school, and other activities throughout the region.

The new trips depart the Larkspur Ferry Terminal at 7:30 a.m. and 8:50 a.m., with 35-minute travel times across the Bay to the San Francisco Ferry Terminal. In addition to the new trips, one existing morning departure from the Larkspur Ferry Terminal has been adjusted from 9:30 a.m. to 9:50 a.m. Two new weekday morning trips have also been added from San Francisco into Larkspur. Both trips depart from San Francisco Ferry Terminal, Gate B, at 8:15 a.m. and 9:45 a.m.

For schedules and trip-planning assistance, customers may visit [goldengate.org](https://www.goldengate.org) or call the Golden Gate Customer Service Center at 415-455-2000.

Thank You for Participating in the 2021 Creek Cleaning Day!

We appreciate those of you who spent part of your weekend preparing for winter rains that we hope will come. Whether you cleaned your section of the creek or your drainage areas, it will all make a difference when it comes to localized flooding. If you haven't had a chance to do so, it's not too late and we urge you to do so.

An extra special thanks to Sleepy Hollow Fire Protection District (www.shfpd.org) for the added benefit of the chipper station for this event. Makes getting rid of unwanted vegetation much easier!

In the future, if you have questions or see something that you think needs attention, please reach out to Eric Riemer at 415-748-4231 or eric_riemer@comcast.net.

SHHA Creek Committee

Screening: Wildfire Watch TV

Sleepy Hollow Fire Protection District

Residents,

You are invited to join your friends and neighbors for a screening of Fire Safe Marin's new show – Wildfire Watch TV– at the Sleepy Hollow Community Center on the second Thursday of each month (October - December) when new episodes are released. The TV program starts at 6PM sharp and runs approximately 30 minutes.

While summer may be over, wildfire season is not and all Marin residents need to be prepared! Wildfire Watch TV is about wildfire activity and how to keep safe. It is fast-paced, informative, and will address your concerns, answer your questions, and give you the information you need to protect your family and your home. Featured stories take you to the front lines of wildfire defense, behind the scenes of Marin's alert system, and prepare you for power outages. DIY segments show you home fixes for the most common fire hazards. Fire Beat offers a look at wildfire prevention projects happening around the county, and Voices of Marin taps into the questions and concerns of residents throughout the area.

If you can't make it in person, you can watch at 6PM on Comcast Cable Channel 26, 30 (AT&T Ch 99) and online at <https://mcm.tv> or stream when you want on Fire Safe Marin's website, Facebook page or YouTube channel.

Here is a [Link to Episode 1: Ember Storms + When the Power Goes Out](https://youtu.be/gVRq2gMp-Mw) (or <https://youtu.be/gVRq2gMp-Mw>). Note: The first episode runs ~50 minutes.

Community viewing dates at the community center:

October 14 at 6:00 p.m. (arrive by 5:45 p.m.)

November 11 at 6:00 p.m. (arrive by 5:45 p.m.)

December 9 at 6:00 p.m. (arrive by 5:45 p.m.)

Thank you to all who participated in our virtual evacuation exercise. We will announce the 10 winners of the \$100 prize drawings on October 12.

The hazardous vegetation grant is still open. The grant provides up to \$3000 for removal of targeted hazardous plants including Italian Cypress, Juniper, Bamboo, Pampas Grass and Arborvitae. You can access the application here <https://shfpd.org/grants>.

NEWS FROM SAN DOMENICO

CAMPUS STATUS Thank you for your collaboration in best protecting our communal health during this historic pandemic. With the latest COVID numbers in the County of Marin and current and expected Public Health directives, the perimeter trails and paths around campus are open for community use. When school is in session, and because we are a boarding school with kids and resident faculty on campus 24/7 from late August through early June, we we ask that you kindly refrain from entering the instructional zones in the middle of campus during these times. We appreciate your understanding and cooperation.

EVENTS You are invited to the world movie premier of *Forgotten Voices*, an original musical written, performed, and produced by Upper School students in collaboration with Erica Smith and Phil Schroeder. Friday, October 1 and Saturday, October 2 Visit www.sandomenico.org/forgottenvoices for more information and to reserve your seat. **NOTE:** Upon check in, all attendees must show proof of vaccination OR a negative covid test within 72 hours of the event, regardless of age.

Questions? Send a note to us at contactus@sandomenico.org. Stay healthy and well!

California Coastal Clean Up Day

This year Sleepy Hollow Presbyterian Church celebrated California Coastal Clean Up Day, Saturday, September 18, at Stinson Beach in the rain with Surfrider of Marin. Pastor Bev and Bridget Clark met Surfrider's Scott Tye in the Stinson parking lot, and splashed through puddles to put up our Earth flag in a tree near Scott's table! The welcome drizzle and gray skies were surprising, but our volunteers came out ready to clean the beach and have fun, and we did. Supervisor Katie Rice was one of the first to take a clean-up bucket and gloves and head down the beach. The Rivers family came ready for sun, but bravely hit the beach to do their part, as did our teens and tweens. We all had fun making the beautiful beach cleaner, and practicing earth care.

A takeaway: **use less plastic!**

One of the highlights of the day: our Garden green thumb, Michael Durphy, holding a leopard shark so that the errant hook can be removed from its mouth and the shark can be released.

Sleepy Hollow Presbyterian Church Green Team's next event is October 10, at 4 p.m. by Zoom, EV 101. Learn more here:

<https://drivecleanbayarea.org/event/electric-vehicles-101/>

VIVALDI AT SAN DOMENICO

Sunday, October 17, 3:00pm

SHHA BOARD MEETINGS,

November 4, December 2, 7:00pm

ANNUAL PRESIDENTS PARTY

December 11, 7:00pm

SHHA Meeting Minutes September 2nd, 2021

Attendees: Spencer Adams, Gina Singleton, Dave Baker, Aya Andrews, Kai Broms, Erik Ruud, Jan Blackford, Lauren Thornhill, Hayley Mullen, Annie Winship

Cell Tower Update: Verizon and San Domenico have reached an agreement that does allow other carriers to participate. We do not have any details on the timing for the application being submitted or construction. The SHHA has reached out to Katie Rice's Office to understand what help they can be to speed the project up.

Butterfield Safety: Gina shared Nancy Vernon's history of safety efforts along Butterfield. The SHHA is focused on a crosswalk at the Community Center. Marin County is currently taking vehicle, bike and pedestrian counts along Butterfield. This is the first step for planning any new crosswalks or other safety-related infrastructure projects. The SHHA discussed a product, from FLock, that captures license plates and is being used by other HOAs and municipalities.

Operations and Activities: Aya proposed new membership for "Friends of Sleepy Hollow" that would be just for activities at the Community Center. No pool access but it would include invites to social functions, fitness classes and other events. Fitness classes for the month have been scheduled and the turnout has been great. Some classes have up to 20 people attending. Aya is working on an afternoon class that would coincide with fall swim. Parents can work out while their kids swim

Pool: No extended swim season due to the lack of lifeguards. SHHA had some complaints about the lifeguards this year and will work towards addressing those when hiring for next swim season.

Fundraising: The SHHA and SHCF started their Phase 2 construction fundraising with a goal of approximately \$600K. Emails and Letters will be sent to all residents in September and the beginning of October. New residents have already started to donate and make pledges towards the project.

Right: Featuring students in our Virtuoso Program, it's the first public performance since the pandemic. Attendance is free but pre-registration is required. COVID SAFETY: Please note that all attendees will be required to provide proof of vaccination upon arrival and check in. Attendees who are not vaccinated will need to provide proof of a negative COVID PCR or Antigen test administered within 72 hours of the event. For event info and registration, visit sandomenico.org/news

SAN DOMENICO
 Founded 1850

Community Center 2021 Is Going Strong

Sleepy Hollow is on the move. New residents are coming for the sunshine and open space and finding great neighbors, too. The Sleepy Hollow Community Center keeps adding activities and memberships keep coming in. Take a fitness class, stop in for a First Friday Picnic, check out the Events Calendar at shha.org/events for much more. Wear a soft fleece hoodie with Sleepy Hollow logo for cool days and evenings.

Support for Phase 2 of the renovation is off to a strong start with over \$165,000 in gifts and pledges to give or lend toward our \$605,000 goal in just two months. Gifts are coming through the website shha.org, by check payable Sleepy Hollow

Charitable Foundation mailed to 1317 Butterfield Road, securities transfer to the SHCF account at BancWest Investments, and pledges for payment this year and Q1 2022. More than half of donors so far are new residents or Friends of Sleepy Hollow.

First up for a new look are the locker room/bathrooms, which we expect to be able to renovate completely during the winter: All new fixtures, floor, wall and shower tile, lighting, ventilation, and heat. Roof, windows, skylights are already new, completed in Phase 1.

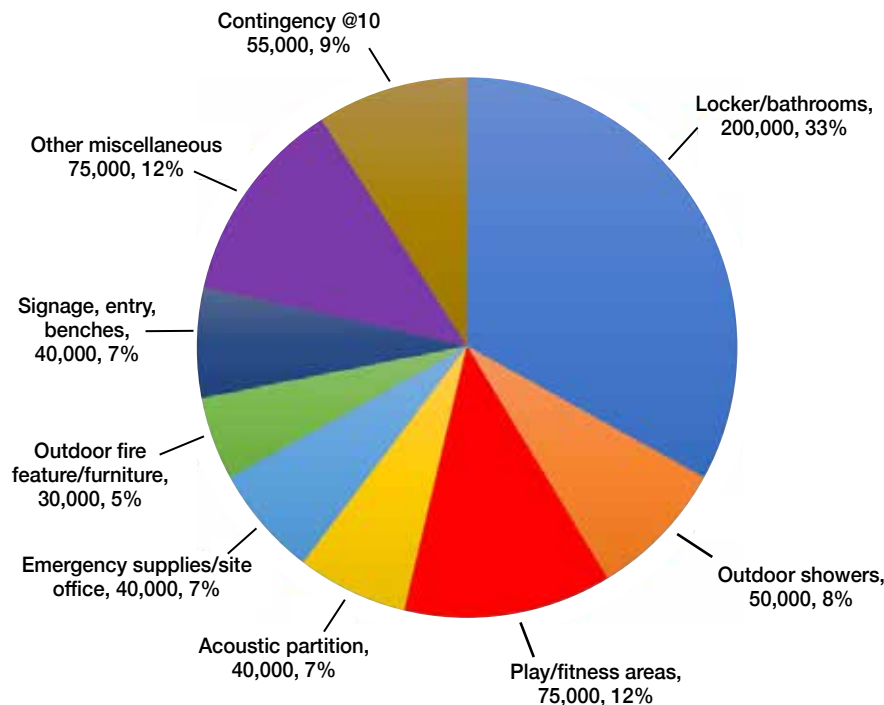

We are seeking new giving to average \$4500 per

donor and asking prior donors to consider adding to their giving to reach that level or to add at least 1/3 of their prior giving. (Phase 2 budget is 1/3 of Phase 1 costs.) With more money soon, we can commit and schedule the other key parts of Phase 2, playground/fitness areas, outdoor showers, outdoor fire feature, emergency supplies building (which frees up the flex room to be a community gym.) We will commit to start construction only when we have the funds to complete the job. It would be awfully nice not to have to choose from among those needs, so we do ask that Sleepy Hollow and Friends and Sea Lions Swim Team families open your wallets now in this tax year (and again in early 2022 if you can). All gifts are welcome and will be recognized permanently in the completed Sleepy Hollow Community Center.

Volunteering helps Sleepy Hollow do more. Help with events or as a greeter during open hours at the Community Center: contact SHHAEvents@gmail.com.

Help prep garden beds by clearing out rocks and debris and adding new soil: watch your email and the website for work parties soon. Jobs for kids, families, and strong backs with shovels! Yes, there will be rewards and prizes!

Phase 2 Estimated Costs = \$605,000

EASIEST WAY TO SAVE MONEY!

Growing up in Sleepy Hollow and swimming on the Sea Lions for 13 years, I'm excited to be back working in my hometown. The past year I've gained a ton of knowledge assisting mortgage loan officers at Searchlight Lending while eventually earning my license. Headquartered in San Rafael, I'm eager to help friends and families in my hometown save money. Whether you want to lower your rate, pull cash out, or purchase a home, I'm one call away to discuss your options and make the process as clear and efficient as possible. Let's make monthly payments way less stressful! **Marcus Anderson** 415-686-2790 or marcus@searchlightlending.com
